

| <b>Hand on Training of Remote Sensing and GIS using QGIS &amp; Saga GIS</b>  |   |
|--|---|
| Date of Workshop   | June 3 to 23, 2021  |
| Time   | 3.00 PM – 5.00 PM.<br>10.00 AM – 12.30 PM (Individual student Problems Solving session through “Team Viewer”)   |
| Location   | CAE, JNKVV, JABALPUR  |
| <b>1. Objective</b>  |   |
| Awareness Programme on Remote Sensing and GIS using QGIS & Saga GIS application in Student Research.   |   |
| <b>2. Participants</b>   |   |
| <b>Technical staff-</b> Dr. S.K. Sharma, Dr. Dr. M.K. Awasthi, Dr. R.K. Nema, Dr. Sourabh Nema, Dr. Umakant Rawat, Er. Ankit Yadav, Dr. P.S. Pawar and Dr. Minakshi Meshram. |   |
| <b>3. Content of Events</b>  |   |
| Welcome  | A warm welcome to by Dr. Sourabh Nema, discussed about aim of Program, Dr. R. K. Nema Course Coordinator and Dr. M. K. Awasthi Training Coordinator of the programme. Principal Investigator, Dr. R.K. Nema has also addressed the students about remote sensing and GIS application in Agriculture.  |
| Programme Summary  | Basic of remote sensing &GIS and working with QGIS software for satellite image processing was covered in this training program in online training mode. The pre and post training evaluation test was conducted for the assessment of training program.  |
| Discussion with participants   | Summed – up by Er. Ankit Yadav, and appreciated to the students who tried to understand about Remote Sensing and GIS. Listening to any prominent personality in Awareness programme helps the student to gain information.  |
| Output of programme  | Twenty-nine participants registered for the awareness programme and out of these seventeen students have attended on training on the subject. The pre-training assessment test was conducted at the beginning of training session and participants answered on basic RS and GIS questionnaires and secured 70-95% marks. Post assessment was also conducted. The participants score marks between 67 to 96 percent. The overall improvement in individual participants based on pre & post assessment was found 3 to 13 percent |

### Training Schedule

| Date       | Topic  |
|------------|--|
| 03 June 21 | Introduction to Remote Sensing, Application of Remote Sensing in Agriculture.                |
| 04 June 21 | Discuss about Satellites, Sensors, and Resolution.   |
| 05 June 21 | Visual Interpretation of Satellite Imagery.  |
| 07 June 21 | Details on Geo portals (Earth explorer, Bhuvan, Copernicus ESA etc.).                        |
| 08 June 21 | Hands on how to Sign Up of Earth Explorer and introduction about the earth explorer portal.  |
| 09 June 21 | Hands on to Downloading Landsat 8 dataset and discuss about bands information.               |
| 10 June 21 | Downloading and installation of QGIS open source software.                                   |
| 11 June 21 | Hands on layer stacking of bands and subset the area using QGIS.                             |
| 12 June 21 | Hands on Band combinations for specific application such as FCC, true color composite etc.   |
| 14 June 21 | Hands on Georeferencing of the toposheet.  |
| 15 June 21 | Generation of vector features such as Point, Line, and Polygon.                              |
| 16 June 21 | Features digitization, area calculation and attributes.                                      |
| 17 June 21 | Introduction, Installing Required Plugins in QGIS and Pre-Processing of Landsat 8 using SCP. |
| 19 June 21 | Region of Interest (ROI) and Creating Training Dataset in QGIS.                              |
| 20 June 21 | Downloading and Installation of Saga GIS open sources software.                              |
| 21 June 21 | Classification using Random Forest technique.  |
| 22 June 21 | Mapping Of classified data in QGIS   |
| 23 June 21 | Practice test of Evaluation of the student   |

### Distribution of participants

| Participants on Hands on training of RS and GIS using QGIS & SAGA GIS |                        |          |          |          |           |                                     |      |      |      |
|---|------------------------|----------|----------|----------|-----------|-------------------------------------|------|------|------|
| Gender  | Number of Participants |          |          |          |           | % of participants in diff. category |      |      |      |
|   | UR                     | SC       | ST       | OBC      | Total     | UR                                  | SC   | ST   | OBC  |
| Male  | 3                      | 1        | 2        | 4        | 10        | 30.0                                | 3.3  | 60.0 | 6.7  |
| Female  | 2                      | 2        | 1        | 2        | 7         | 28.6                                | 7.0  | 14.3 | 14.0 |
| Total   | <b>5</b>               | <b>3</b> | <b>3</b> | <b>6</b> | <b>17</b> | 29.4                                | 10.2 | 29.4 | 20.4 |

**Hands on training on RS & GIS using QGIS and SAGA GIS**

**Details about Different Geoportals**

Presented By- Dr. Sourabh Nema

**NAHEP-CAAST- CSDA**  
**College of Agricultural Engineering**  
**JNKVV, Jabalpur**

**Hands on how to Sign Up of Earth Explorer and introduction about the earth explorer portal.**

By  
**Dr. Umakant Rawat**  
**RA (RS & GIS)**  
**NAHEP- CAAST, CAE,**  
**JNKVV, Jabalpur.**

**Hands on training of Remote Sensing and GIS using QGIS & Saga GIS**

**DR. R.K.NEMA**  
 Dean, CAE, JNKVV & Principal Investigator NAHEP

**DR. M. K. AWASTHI**  
 Principal Scientist & Co-PI Skill Development

Organized by - Center for Advanced Agricultural Science & Technology (CAAST) under National Agricultural Higher Education Project (NAHEP) at CAE, JNKVV, Jabalpur

Date & Time- 03 June 2021 to 23 June 2021  
 Time: 03 pm - 5:00 pm  
 Registration Link- <https://forms.gle/W7UX8dBoUuZXcSFw6>

Please Note: This training is scheduled for PG & PhD students of JNKVV, and other SAU's. Registered Participants will get E-certificate

NAHEP-CAAST CSDA, COLLEGE OF AGRICULTURAL ENGINEERING, JAWAHARLAL NEHRU KRISHI VISHWA VIDYALAYA JABALPUR, MP

**Training Module**

| Date       | Topic   | Time         |
|------------|---|--------------|
| 03/06/2021 | Introduction to Remote Sensing, Application of Remote Sensing in Agriculture                | 3:00-5:00 pm |
| 04/06/2021 | Discuss about Satellites, Sensors, and Resolution   | 3:00-5:00 pm |
| 05/06/2021 | Visual Interpretation of Satellite Imagery  | 3:00-5:00 pm |
| 07/06/2021 | Details on Geoportals (Earth explorer, Bhuvan, Copernicus ESA, QGIS etc.)                   | 3:00-5:00 pm |
| 08/06/2021 | Hands on how to Sign Up of Earth Explorer and introduction about the earth explorer portal. | 3:00-5:00 pm |
| 09/06/2021 | Hands on to Downloading Landsat 8 dataset and discuss about bands information               | 3:00-5:00 pm |
| 10/06/2021 | Downloading and installation of QGIS open source software                                   | 3:00-5:00 pm |
| 11/06/2021 | Hands on layer stacking of bands and subset the area using QGIS                             | 3:00-5:00 pm |
| 12/06/2021 | Hands on Band combinations for specific application such as FCC, true color etc.            | 3:00-5:00 pm |
| 14/06/2021 | Hands on Georeferencing of the topsheet   | 3:00-5:00 pm |
| 15/06/2021 | Generation of vector features such as Point, Line, and Polygon                              | 3:00-5:00 pm |
| 16/06/2021 | Features digitization, area calculation and attributes.                                     | 3:00-5:00 pm |
| 17/06/2021 | Introduction, Installing Required Plugins in QGIS and Pre-Processing of Landsat 8 using SCP | 3:00-5:00 pm |
| 18/06/2021 | Region of Interest (ROI) and Creating Training Dataset in QGIS                              | 3:00-5:00 pm |
| 19/06/2021 | Downloading and Installation of Saga GIS open sources software                              | 3:00-5:00 pm |
| 21/06/2021 | Classification using Random Forest techniques   | 3:00-5:00 pm |
| 22/06/2021 | Mapping Of classified data in QGIS  | 3:00-5:00 pm |
| 23/06/2021 | Practice test of Evolution of the student   | 3:00-5:00 pm |
