

1. Safe use of Pesticides

Live demonstration of pesticides application was organized on 21st Dec 2021 by Bayer Crop Science Team in KVK, Jabalpur. Pesticides are toxic to both pests and humans. However, they are not hazardous to humans and non-target animal species if suitable precautions are taken as explained by Dr. S. B. Das. It was also discussed that pesticide particles may be inhaled in the air while they are being sprayed. They also given live demonstration of pesticides application, formulation of pesticides with students, and they also told people who work with pesticides should receive proper training in their safe use.

Gender and category wise details of participants is presented in Table 3.5

Gender	Number of Participants					Percentage of participants				
	SC	ST	OBC	UR	TOTAL	SC	ST	OBC	UR	TOTAL
Male	1	2	12	5	20	5	10	60	25	67
Female	0	0	5	5	10	0	0	50	50	33
Total	1	2	17	10	30	3	7	57	33	100
