**CSDA Fellowship Guidelines 2022-23**

ICAR-NAHEP-CAAST Project "Skill Development to Use Spatial Data for Natural Resources Management in Agriculture" was sanctioned in the university. Under the project there are provision of financial support to Master (PG) and Doctoral (Ph.D.) level students who wish to pursue curricular research in the theme area of "Application of Remote Sensing and GIS in Agriculture and Allied Fields". The details are given bellow.

(I) **Eligibility:** The minimum eligibility conditions are:

1. Student must be enrolled under M. Sc./ M. Tech or Ph.D programme at JNKVV, Jabalpur.
2. Minimum OGPA of previous degree must be 7.00 at 10.00 scale point.
3. The student must be working in any of the theme areas of the project/ on application of RS & GIS techniques as a part of thesis programme. Theme areas are listed below:
  - I. Use of Spatial data i.e. Satellite data or Remotely collected ground data use of GIS, GPS & their application in different field of agriculture and allied area.
  - II. Identification of appropriate techniques for integration of spatial and ground data to realize problems related to land water & vegetation.
  - III. To develop user friendly spatial data products using identified technologies for policy maker regarding field workers & farmers.

(II) **Value of fellowship**

The amount of fellowship is Rs. 3000/ month for PG & Rs. 5000/ month for Ph.D students.

(III) **Selection and continuation of fellowship:**

- Received applications will be scrutinized by Vishwa Vidyalaya level committee and selected students will be awarded CSDA fellowship.
- The candidate has to submit work plan for each month.

- The selected candidate shall be awarded monthly fellowship immediately after selection.
- The continuation in subsequent month will be based on fulfilling the proposed target as per work plan.
- The candidate has to submit a review on proposed topic in the beginning.
- The progress of work shall be reviewed quarterly through presentation.
- A candidate has to published at least one research paper from PG research work and at least two research paper from Ph. D research work with duly acknowledgement for the NAHEP Project.
- At the end semester of fellowship, the student is required to submit a brief report in term of achievement and utility of the research work. Additionally, a copy of approved thesis will essentially be submitted by the students at the end of their programme.

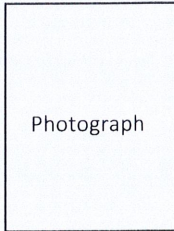

**(IV) To whom to apply: Online application will be sent to :**

PI, NAHEP-CAAST-CSDA  
 Skill Development to Use Spatial Data for NRM in Agriculture (CSDA)  
 College of Agricultural Engineering
