Sub: International Training for the Faculty and the M.Sc./M.Tech./Ph.D. students at V.V.

There is a good opportunity for International training at leading Universities/Institutions, abroad for the Faculty and the M.Sc./M.Tech./Ph.D. students at V.V. on application of RS & GIS in relevant discipline of Agriculture and Agricultural Engineering under NAHEP-CAAST-CSDA, COAE, JNKVV, Jabalpur.

Guidelines and requirement for the selection are enclosed for information. You are requested to circulate this amongst for the Faculty and the M.Sc./M.Tech./Ph.D. students at V.V. of your Department/ College.

Interested students may send their application in the prescribed proforma upto 24th Feb 2023 through email nahep.csda.jbp@gmail.com as advance copy. The hard copy should be through HOD and Dean of respective colleges. Those who have already applied need not applied again may send a copy on email again.

(S. B. Nahatkar)
Co-PI Training (International)

Guidelines on identification of beneficiaries under student's development programmes.

1. The training is limited to the M.Sc., M.Tech and Ph. D students of JNKVV only.
2. OGPA 7.5 (7.00 for SC/ST) for last qualifying degree.
3. The students on completion of the overseas training will make a presentation related to their training in the AU they belong to and submit a report with comments to the PIU in the prescribed format. The benefit of international training is a onetime benefit and is restricted to only students of the accredited programme of the accredited constituent colleges of the AU selected under the NAHEP.
4. The focus of proposed areas of work need to be basic and applied sciences relevant to different branches of core agricultural sciences. Preferential consideration may be given to multi/trans disciplinary courses.
5. Host institute should be internationally recognized academic/research institution for right type of expertise and excellence in the field of agriculture and should be willing to accept and extend necessary support to candidate for the proposed research work.
6. One page profile regarding academic and other achievements and a scanned passport size photograph printed on the right top corner of the page is required with application form.
7. The candidate should not deviate from the proposed subject and not change the place of work.
8. The candidate will be entitled for air travel in economy class from the nearest airport to his/her present place of work in India and to the nearest airport to the place of the overseas host institution by the shortest route.
9. For domestic and international air travel the AU / Gol (in case of CAUs)/ICAR (in case of DUs) guidelines shall be applicable.
10. The trainee will devote whole time on the chosen area of training during the tenure and will not seek gainful employment elsewhere. He/she shall not accept any financial assistance from any other source.
11. The trainee will be required to make a presentation in the parent institute on join lin back in duty and also in the PIU, NAHEP if required.
12. Medical insurance expenses will be governed by the AU/ICAR rules, as applicable.
13. In all the publications made during the training, NAHEP shall be acknowledged prominently for the support through the award of the international training as "the work was executed / carried out under the financial assistance for the international training provided by the Indian Council of Agricultural Research through the National Agricultural Higher Education Project"
14. Candidate is entitled for the training only for the duration it is sanctioned for and no application to extend the period of training shall be entertained.

Guidelines for Identification of Faculty for International Training at leading Universities/ Institutions

- International training under Component – I of NAHEP is primarily meant for young and middle carrier scientists/professors.
- The faculty identified should be at least left with 2 years of services before his superannuation (below 63 year)
- Preference will be given to faculties below 40 years of age & the training programme of at least three months duration.
- The beneficiaries should be from the accredited programmes of the accredited colleges.
- The faculty identified for HRD under faculty development programme of NAHEP should not have been benefited under the HRD/Capacity Programme of NAHEP in any form.
- The faculty representation in the international training should be wide and inclusive academically (including basic sciences, humanities and languages) and socially (as committed in the Equity Action Plan to the World Bank)
- The faculty identified for training up to 50 years of age categories should have at least two publication in the area identified for training in reputed peer reviewed journals (not less than a NAAS rating of 7.0) and not less than 10 citations.
- Regarding relaxation in existing guidelines of 2 papers of NAAS rating of 7.0 with 10 citations for faculty members to visits overseas, the second NSC suggested following relaxation in case of non-availability of faculty members with the existing parameters to utilize the budget:

a) 2 Papers of NAAS Rating more than 6.0 with 10 citations.

b) 1 Paper of NAAS Rating more than 6.0 with 20 citations.

For seeking relaxation, the concerned AU through its PI, has to certify that no faculty member is available with the eligibility of existing guidelines.

- The training should be within the priority areas identified by the ICAR / AU.
(Remote Sensing & Geographic information System)
- The interested candidate should enclose one page profile showing the area of interest and advance learnings for which the programme is proposed alongwith the consent letter of the institute you are willing to go.
